Financial Incentive Programs

Business Improvement Program

As always, the TIFA Office is working hard to create opportunities for business owners in the TIFA district and assist their businesses in any way possible. In 2008, a new financial incentive program was launched called the "Business Improvement Program."

Essentially, it is a grant program for the purpose of assisting businesses with the cost of repairs and other cosmetic improvements to their properties.

Guidelines of the program and an application can be obtained from our website at www.tifadh.com.

For questions or more information, please contact Tom Rosco or Camine Oliverio. (313-277-7492 or 313-791-9805)
